PricewaterhouseCoopers LLC

Tax Associate (Acting Senior)

Raleigh, NC

October 2023 – April

2025

Leadership & Team Management

- Served as acting senior on multiple engagements, leading client communications, reviewing all associate work, and reporting directly to partners and senior leadership.
- Managed and developed a team of 7 associates, interns, and fellows, including training, performance review, and workload allocation during busy season.
- Chaired weekly team operations meetings, setting agendas, leading status updates, and driving resource allocation decisions.

Budgeting, Forecasting & Board Reporting

- Created detailed engagement budgets including number of federal returns, cost per return, state returns, and specialty team support.
- Performed variance analysis on budget-to-actual for each engagement, conducting root cause analysis on overages (software learning curves, messy client data).
- Prepared budget-to-actual variance reports and presented findings to partners and engagement leadership (equivalent to board presentations).
- At year-end meetings, forecasted the impact of new regulations, structural changes, and disaster relief on future budgets and cash flow.
- Applied grant budgeting principles to client engagement budgets, tracking restricted hours and allocating costs across multiple deliverables.

Financial Analysis & Client Advisory

- Prepared financial forecasts by analyzing prior year trial balances, identifying trends, and projecting current year revenues and expenses.
- Modeled the impact of NOL carryforwards, tax credits, and disallowed deductions on client financial positions.
- Prepared sensitivity analyses and one-page executive summaries for clients with limited accounting backgrounds.
- Translated complex financial data into plain-language summaries for non-accounting clients and partners.

Compliance & Technical Expertise

- Led federal, state, and international tax compliance for 20+ privately-held clients.
- Prepared consolidated federal returns (Form 1120) for multi-entity corporate groups and single/combined state returns.
- Prepared partnership returns (Form 1065), including partner basis calculations, Schedule K-1s, and composite state returns for nonresident partners.
- Prepared fiduciary income tax returns (Form 1041) for complex trusts, including grantor trusts and charitable remainder trusts (CRTs).
- Worked directly with individual trustees to translate complex tax concepts into plain language.
- Resolved IRS disputes and secured penalty relief for clients through abatement requests.

Internal Operations & Cross-Functional Leadership

- Managed workflows with offshore teams (India, international), delegating tasks before end of day and reviewing completed work each morning — enabling 24-hour productivity cycles.
- Collaborated with internal specialty teams (International Tax, SALT, R&D Credits) to coordinate

engagement contracts and budget specialty team hours.

- Resolved e-file errors by reviewing XML files and contacting state departments of revenue and the IRS.

Recruiting & Campus Outreach

- Represented PwC at university career fairs and recruiting events, serving as a point of contact for prospective candidates.
- Staffed information tables, explained role qualifications and team culture, and answered questions about the recruiting process and career progression.
- Presented to students at alma mater (NC State University) on the topic of AI in accounting — covering how PwC developed its internal AI tool (ChatPwC), how accountants can use AI for automation and data analysis, and the future of AI-powered workflows in tax and audit.
- Demonstrated real-world applications of AI, including automated Excel formula generation and batch file renaming, showing students how technology can reduce manual work and improve accuracy.

AI & Automation (ChatPwC)

- Pioneered use of PwC's internal AI tool (ChatPwC) to automate repetitive tasks, generating complex Excel formulas and automating batch file renaming for 200+ partner files — saving hours of manual work.

Internal Firm Systems (PwC TRACK)

- Mastered PwC TRACK (engagement management, time tracking, and compliance software) before any other team member, becoming the go-to resource for troubleshooting and process optimization.
